

**Honeywell To Increase Dividend By 15% Effective In The Fourth Quarter 2015**

### Company Declares Quarterly Dividend

MORRIS PLAINS, N.J., Oct. 30, 2015 /PRNewswire/ -- Honeywell (NYSE: HON) today announced that its Board of Directors has approved a 15% increase in the company's regular annual cash dividend rate (from \$2.07 to \$2.38 per common share). The increase will be effective starting with the fourth quarter dividend of \$0.5950 per common share, which was declared today and is payable on December 10, 2015 to shareowners of record at the close of business on November 19, 2015.

"Even in a slow-growth global economic environment, Honeywell remains committed to growing our dividend faster than earnings for shareholders," said Honeywell Chairman and CEO Dave Cote. "This is the eleventh dividend increase for Honeywell since 2005. Our balanced cash deployment, which includes high-ROI Capital Expenditures, a competitive dividend, strategic M&A, and opportunistic share buybacks, is part of our 5 year plan and reflective of the company's continued confidence in its ability to generate strong free cash flow and consistently outperform over the long term."
